## EXCEPTIONS

The English language requirements for certain programmes are higher than what is listed in the above table.
For the most up to date English language requirements please refer to the programme page on **nmit.ac.nz**.

For more information please visit: **nmit.ac.nz/study/apply/entry-requirements**

[1] The listed outcomes represent the minimum scores or grades for each test or qualification that qualify a student for enrolment at each programme level. Students with higher scores or grades than required for a particular programme level may still enrol at that level.

[2] IELTS scores used must be taken from a single IELTS Test Report Form (i.e. combining scores from more than one test is not permissible). However, NMIT will accept the IELTS One Skill Retake.

[3] A new TOEFL iBT test format and scoring system was launched on 21 January 2026. This new test is not the same test as that in the Table – it has the same name but different scoring. Tests taken prior to 21 January 2026 will have been done with the correct scoring. After 21 January 2026, the TOEFL iBT Australia / New Zealand test will have the correct scoring. These tests can be accepted.

**NOTE:** Entry requirements are subject to change. See the NMIT website for the latest entry requirements.
