Kia ora

Tēnā koutou katoa, nau mai haere mai ki Te Whare Wānanga o Te Taihū o Te Waka a Māui.

Welcome to NMIT. This is a place to grow your skills, your confidence, and your future. Choosing where to study is a big decision, and we're here to help you take that next step with confidence.

At NMIT, learning is personal. Our smaller class sizes mean you are known by name, supported by experienced tutors, and part of a learning community that genuinely cares about your success. Here you are not just another student in a lecture theatre. You are recognised as an individual with goals and potential.

Our programmes are built around practical, real-world learning – you'll apply your learning in workshops, laboratories, vineyards, kitchens, and workplaces. This hands-on approach ensures you graduate with the skills, confidence, and experience that employers value.

We are proud of our strong relationships with industry across Te Taihū and beyond. These partnerships shape our programmes, create opportunities for work integrated learning, and connect you directly with the sectors you aspire to join. Many of our students move straight into employment because they've already built meaningful connections during their study with us.

At the heart of NMIT is a commitment to manaakitanga. We believe learning thrives in an environment where people feel welcomed, respected and supported.

Our campuses are communities where students and staff work alongside each other, sharing knowledge, challenging ideas, and celebrating achievement.

Beyond the classroom, you'll enjoy the lifestyle that makes this region so special. From stunning coastlines and national parks to vibrant local communities, Te Taihū offers the perfect balance of study, work and recreation.

We invite you to explore our programmes, discover your passion, and join a supportive learning community committed to your success.

Disclaimer: The information contained in this Prospectus is correct at the time of production (April 2026). NMIT reserves the right to cancel or postpone any of the programmes, and shall not be liable for any claim other than the proportion of programme fees that the cancelled portion bears. Some programmes may be dependent upon formal approval from NZQA (New Zealand Qualifications Authority), TEC (Tertiary Education Commission) funding allocation, and the number of enrolments. As part of the NZQA targeted review of all Level 1-6 New Zealand qualifications, there may still be changes to some programmes. Fees, programmes, entry requirements, and dates, are subject to change. Please check the relevant programme pages at nmit.ac.nz for up-to-date information and full entry requirements before applying to enrol. Information regarding English language requirements is available on each programme page at nmit.ac.nz.

Nau mai haere mai **Welcome to NMIT**

NMIT has been a pillar of high-quality tertiary education and community engagement in Te Taihū (the Top of the South) for 120 years. Whether you're fresh out of school, looking to advance your career, or seeking a fresh start, NMIT offers a supportive and inclusive environment that fosters growth and diversity.

Our passionate tutors are leaders in their fields and are highly regarded for their expertise and influence. By joining our whānau, you'll tap into a network of industry partners and employment opportunities that can open doors to your future. We are committed to ensuring you graduate work-ready, confident in your skills, and prepared to step into a successful career.

With wrap-around support services, we guide you through every step of your learning journey, teaching you valuable life skills while prioritising your wellbeing so you can stay focused on achieving your goals. Our internationally recognised qualifications are yours for the taking, and the journey to earning them will be both uplifting and rewarding.

NMIT, ko reira au! **NMIT is where I need to be**

Smaller class sizes mean you benefit from more one-on-one time with your tutor, and you'll get to know your classmates too. Whether you're collaborating on projects together or partaking in one of the many events and social activities that fill up our calendar, know that you'll never be just a face in the crowd at NMIT.

Study that connects you with life

- We offer over 100 programmes from certificate level to degree and postgraduate.
- We lead the training in specialisms such as Adventure Tourism, Aviation Engineering, Aquaculture, Conservation, Maritime and Viticulture and Winemaking, which are seldom found elsewhere.
- Pathways to education are celebrated with STAR Courses, Trades Academy, Foundation Studies and Study and Employment Pathway programmes.

Internationally connected and world-ready

- A diverse campus population with tutors and students from around the world.
- Internationally recognised qualifications that offer graduates opportunities worldwide.
- International student exchange programmes.

Industry-ready and industry-endorsed

- Our tutors are industry-experienced and industry-connected, providing ākonga (learners) with hands-on learning and work placement opportunities.
- Each programme area meets with its own Industry Advisory Board, essential to keeping both parties informed and connected.
- Our programmes are designed hand-in-hand with industry partners to ensure students graduate world-ready.

NMIT ki Whakatū Nelson Campus

Campus life

The Nelson Campus is located near the city's vibrant centre, and is just a five-minute walk to cafés, craft breweries, sustainable grocers, bakeries, great shopping and art galleries. Surrounded by parks and close to many walking and biking tracks, the gardenesque campus is the perfect location for your learning journey.

Here you can study anything from art and design, to nursing, to mechanical engineering, with excellent facilities available throughout the campus. Nelson campus is also home to four national specialisms – adventure tourism, aquaculture, aviation engineering and maritime.

Nelson Tasman

Nelson Tasman is revered as New Zealand's sunshine capital, covering the north west of the top of the South Island (Te Taihū). At the heart of the region is Nelson City, the largest city and commercial centre across Te Taihū, complemented by a variety of vibrant towns, beaches and rural settlements.

With three national parks, you can explore everything from golden beaches to high mountain peaks in this highly diverse region.

NMIT ki Waimeha Richmond Campus

The Richmond Campus is just a 10-minute walk from Richmond's busy shopping centre. A food truck and student events add to the campus culture. It provides dedicated study areas and support for learners.

The campus is home to programmes, such as apiculture, horticulture, carpentry, maritime firefighting training, and the conservation Kaitiaki Whenua Trainee Ranger programme.

NMIT ki Wairau Marlborough Campus

Campus life

The Marlborough Campus backs onto the picturesque Ōpaoa River in Blenheim. Close to outdoor adventures and the wonders of the Marlborough Sounds on your doorstep, this inclusive campus is the ideal location for your learning journey.

Here, you can choose from more than 30 study options, including business, nursing, English, te reo Māori, apiculture, trades, and foundation studies. NMIT viticulture and winemaking programmes are also located on-campus within Te Pokapū Wāina o Aotearoa – The New Zealand Wine Centre, and offer state-of-the-art facilities.

Marlborough

Located at the geographic heart of Aotearoa New Zealand, the Marlborough region stands out as the country's premier wine-producing area. It also thrives in sectors like aviation and aquaculture, offering NMIT graduates many job opportunities.

This northeastern corner of the South Island also boasts a stunning natural landscape and coastline rich in cultural heritage, home to skilled artisans, and famous for its delicious seafood, fresh local produce, craft breweries and boutique vineyards.

NMIT ki Omaka Woodbourne Campus

Located 8km west of Blenheim, The Royal New Zealand Air Force (RNZAF) Base Woodbourne Campus is home to NMIT's aircraft maintenance and engineering programmes. Campus facilities include a 3-bay workshop, an RNZAF machine workshop, and other purpose-built teaching facilities. Students use the on-site facilities to put their theoretical knowledge into practice by working on actual aircraft, and they are in high demand by employers nationwide.

Te Puna Mātauranga

Your learner success hub

Te Puna Mātauranga is the heart of our Nelson, Marlborough and Richmond campuses. When you study with NMIT, it becomes your one-stop hub for study support, where all our Learner Success teams are on hand to help you thrive. These vibrant spaces are ideal for focused individual study, group collaboration, relaxing, or socialising.

Academic Success

Study smarter with personalised academic support and skills workshops.

Whether you're studying on campus or online, in New Zealand or overseas, our Academic Success team is here to help. Get individual or group support with computer skills, maths, writing, essay planning, assignment help, referencing, time management, and research skills. Find the team in key campus locations, online, at academic workshops, or facilitating study groups.

Library

The NMIT Library is your central hub for study and research resources. With locations in Nelson and Marlborough, plus 24/7 online access, you'll find everything you need to succeed – on campus or anywhere in the world.

Access a wide range of resources including:

Books, eBooks and academic journals, online databases for research across all subject areas, video and image libraries, course-specific resources and reading lists.

A space to connect and grow

Te Puna Mātauranga is more than just a study space; it's a hub for connection, support, and engagement within the NMIT learning community.

Designed for all study styles, Te Puna Mātauranga offers quiet zones, group spaces, computers, photocopiers and expert help when you need it.

Te Puna Manaaki Māori and Pasifika Success

Culturally grounded support for ākonga Māori and Pasifika.

We're here to help our ākonga thrive and feel at home on campus. With a warm welcoming approach, we offer a range of cultural, pastoral, and academic services, all tailored to meet your needs.

Accessibility Support

Personalised assistance for ākonga with disabilities, injuries, or learning differences.

We support ākonga with neurodiversity, learning differences, medical conditions, injuries, disabilities and impairments. We work alongside you to remove barriers and make learning accessible.

Wellbeing Support

Confidential support and free counselling to help you feel your best.

We're here to help you succeed – not just in your studies, but in life. Our friendly Wellbeing Support team is available to chat confidentially about anything that's on your mind. You can also access free counselling or get referrals to community and government support services. You'll find us online, in Te Puna Mātauranga, or in class when you need us.

Ira Āniwaniwa - Rainbow Hui

Rainbow Hui are casual drop-in sessions celebrating our LGBTQAI+ community and promoting peer support.

Held regularly on the Nelson campus, these hui include kai, activities and a chance for voices to be heard to enhance the experience of our Rainbow ākonga.

Follow @ira_aniwaniwa on Instagram

Whakaakoranga Paetahi Bachelor Programmes

Is a degree from NMIT the same as a university?

Yes, absolutely.

Every bachelor's degree in New Zealand must meet certain academic criteria and be approved by the New Zealand Qualifications Authority (NZQA), whether they are delivered through an institute of technology or a university.

And even better... all NMIT bachelor's degrees are designed to prepare our graduates to be ready for global career success.

Tāura Postgraduate

Postgraduate study is designed to build upon your existing degree qualification.

If you do not have a degree, in some cases extensive work experience may be considered through an application for Recognition of Academic Credit (RAC).

Work and world ready

The advantage of gaining your postgraduate qualification through NMIT is the applied nature of our programmes. What you learn is directly applicable to the workplace.

NMIT offers the following degrees:

- Bachelor of Accounting
- Bachelor of Aquaculture and Marine Conservation
- Bachelor of Arts and Media
- Bachelor of Commerce
- Bachelor of Computer Generated Imagery
- Bachelor of Information Technology
- Bachelor of Nursing
- Bachelor of Social Work
- Bachelor of Viticulture and Winemaking
- Bachelor of Counselling
- AUT's Bachelor of Sport and Recreation is also taught on the Nelson Campus.

What is University Entry for 2026/2027?

University Entrance (UE) is the minimum requirement to study most New Zealand degrees.

If you don't have UE, you can show you have equivalent skills for tertiary study gained through study, work or life experience. You may also need to meet English Language requirements.

NCEA Level 3

Three subjects — at Level 3, made up of 14 credits each, in three NZQA approved subjects.

Literacy — 10 credits at Level 2 or above, made up of 5 credits in reading and 5 credits in writing.

Numeracy — 10 credits at Level 1 or above, made up of achievement standards (specified achievement standards available through a range of subjects), or unit standards (package of three numeracy unit standards 26623, 26626, 26627 - all three required).

Achieved a qualification at a similar level to Cambridge or Bursary? We may be able to consider it as part of your application to study with us.

Please be aware that some programmes have additional entry requirements. See nmit.ac.nz for detailed entry requirements for each programme.

Graduate Certificate/Diploma

Grow your skills in a particular area to help your career or grow your business.

Options include

- Graduate Certificate in Management
- Graduate Certificate in Career Development

Master's

A master's qualification is awarded to those who apply an advanced body of knowledge across different contexts for research, a stepping stone to further education, or professional practice.

- Master of Applied Management
- Master of Professional Accounting
- Master of Information Technology

Academic requirements

Undergraduate degree in any discipline.*

Te putea i to ako Funding your study

Scholarships

NMIT and the community offer scholarships each year. Some of these will pay all or part of your fees for the year. Once you know what you plan to study, it is worth investigating what scholarships are available. Find out more at nmit.ac.nz/scholarships

Youth Guarantee

Youth Guarantee is open to 16-24 year olds. You can study for free on selected programmes that are part of the Youth Guarantee initiative and receive a travel subsidy.

Places are limited and conditions apply. Find out more at nmit.ac.nz/youth-guarantee

Allowances

If you are attending a full-time programme of 12 weeks or more and are aged 18 years or over, you can test your eligibility for a student allowance. Some 16 and 17 year olds may also qualify.

If you are under 24 years old you are subject to a parental income test which may affect your student allowance rate or eligibility.

Loans

Student loans are administered by StudyLink and Inland Revenue. Subject to your eligibility the amount you can borrow includes course fees, course-related costs, living costs and a loan administration fee.

Fee information

Please refer to nmit.ac.nz for all programme fees.

Ka taea e koe te penapena moni ako Your study savings potential

The costs are based on average course fees and living costs for a three-year degree for a student living in Nelson.

Average 3 year degree	Study at NMIT	Degree elsewhere
Enrolment fees including fees free one year	\$14,528	\$14,528
Levies	\$740	\$3,402
Text books, stationery etc	\$3,000	\$3,000
Accommodation	—*	\$59,600
Personal spending	\$27,000	\$27,000
Travel home	—*	\$4,100
Total expenditure	\$45,266	\$111,630
Savings	\$66,364	

*Based on living at home and not paying board etc.

Fees Free

He Ara Whakarite Foundation Pathways

He Ara Whakarite Foundation Pathways

Empowering pathways that build skills and confidence for future success.

Foundation skills and pathway programmes at NMIT can offer students the perfect way to connect with learning in a new way. Our diverse classes provide fun activities to build confidence and skills, empower students to find out what they're great at in life, celebrate them for who they are, and support them to succeed in their next steps of study or work.

We also offer two NZ Certificate in Study and Employment Pathways, programmes designed to provide the study skills and pathways to study a degree or diploma programme. Specific options allow a focus on nursing, social work and counselling programmes. This programme is perfect for youth taking their next step in study or adult learners wanting to gain the skills they need to pursue a new qualification or career.

NZ Certificate in Foundation Skills (Level 1)

	Nelson, Marlborough
	19 weeks full-time
	Zero fees*
	February, July

Join a team focused on you. We will help you discover your strengths, identify your support system, build your skills, and develop a plan for your next steps. Our ultimate goal is for you to walk away with the confidence to succeed in further study, work, or other life ambitions.

Entry requirements

- There are no minimum academic requirements

Other requirements

- Applicants must be at least 16 years of age (special entry may be granted for 15-year-olds holding a Ministry of Education early leaving exemption)
- Applicants are required to attend an informal interview.

Information for applicants

The informal interview is designed to learn more about the applicant's background, experience, motivation, and ability to participate in, and successfully complete the programme.

*Refer to page 3 for fees disclaimer.

NZ Certificate in Foundation Skills (Level 2)

📍 Nelson, Marlborough

🕒 19 weeks full-time

💰 Zero fees*

📅 February, July

Our supportive tutors will help you recognise your strengths and skills and explore study or work options with you. While working towards an NMIT certificate. When you finish this course, you will have a plan for the next steps into your future.

Entry requirements

- There are no minimum academic requirements

Note: If you have previously achieved a level 2 qualification, you may not be eligible to participate in this programme. Please contact NMIT to discuss.

Other requirements

- Applicants must be at least 16 years of age (special entry may be granted for 15-year-olds holding a Ministry of Education early leaving exemption)
- Applicants are required to attend an informal interview

Information for applicants

The informal interview is designed to learn more about the applicant's background, experience, motivation, and ability to participate in, and successfully complete the programme.

NZ Certificate in Study and Employment Pathways (Level 3)

📍 Nelson, Marlborough

🕒 19 weeks full-time

💰 Zero fees*

📅 February, July

This programme helps you build the essential trade skills and confidence for further studies or entering the workforce. It boosts academic writing, research, communication, and calculation skills, as well as nutrition. This certificate lays a strong foundation for pursuing Level 4+ studies at NMIT or for securing entry-level employment.

Entry requirements

All applicants must:

- Be at least 16 years old at the time the programme commences.
- Be able to read, write, and communicate in English at a basic level.
- Be physically able to complete the programme-specific outcomes.

NZ Certificate in Study and Employment Pathways (Level 4)

📍 Nelson, Marlborough

🕒 19 weeks full-time

💰 \$3,228*

📅 February, July

This programme is designed to equip you for success in your chosen career. Perfect for those looking to enhance their skills or embark on a new path, this programme will instill the confidence to develop effective study habits, acquire foundational knowledge, and fulfill the entry requirements essential for your success.

Choose from two specific pathways:

Health - This pathway will prepare you for applying for the Bachelor of Nursing or other degree or diploma related to Health and Fitness. See pages 47-50.

Counselling and Social Work - This pathway will prepare you for the Bachelor of Counselling or the Bachelor of Social Work. See page 52.

Entry requirements

A minimum of 40 credits NCEA Level 2 across four subjects including;

- Literacy - 10 credits at Level 2 or above
- Numeracy - 10 credits at Level 1 or above, or
- New Zealand Certificate in Study and Career Preparation (Level 3).

If you don't meet the entry requirements for a diploma or degree due to University Entrance criteria, this programme will get you where you want to be.

“Foundation Pathways at NMIT are all about helping you find your feet, boost your confidence, and smash your goals.”

Dan Hawke, Programme Team Lead for Foundation Pathways

*Refer to page 3 for fees disclaimer.

Reo Kōkahu me ōna Ahurea

English Language

Learn English to settle, work, study and succeed in New Zealand.

Your learning will take place in a safe and supportive environment. Meet new people, make new friends, and become part of a community. Our diverse, multicultural classes cater to all ages and skill levels. Everyone is welcome here.

We offer a variety of English language courses. Study for the New Zealand Certificate in English Language (NZCEL) to pathway into further study or enrol in a short course if you wish to improve your English but do not require a qualification.

NZ Certificate in English Language (Academic) (Level 4)

- Nelson
- 16 weeks
- Refer to nmit.ac.nz
- February, August

This certificate is designed to prepare you for further study at higher levels. After completing this certificate, you will be ready to pursue a certificate or diploma at level 6, a diploma or degree at level 7, or a graduate certificate or diploma at level 7.

You will develop skills such as writing under test conditions, delivering oral presentations, understanding spoken text, crafting written material for specific audiences using research, and processing academic information in English.

Entry requirements

- IELTS overall 5.5 or equivalent or having successfully completed NZCEL Level 3 (Applied).

NZ Certificate in English Language (Academic) (Level 5)

- Nelson
- 16 weeks
- Refer to nmit.ac.nz
- February, August

This certificate prepares you for Level 6 and 7 study, including certificates, diplomas, degrees, and graduate certificates. On completion, you will be able to:

- Write texts in English under test conditions for academic purposes.
- Deliver academic oral presentations in English.
- Understand and process spoken academic texts in English.
- Write researched texts for specific audiences in English.
- Read and process academic texts in English.

Entry requirements

- IELTS overall 5.0 or equivalent.

English Language Short courses

Learn skills in English to settle in, work and succeed in New Zealand.

Learn in a welcoming, multicultural environment with support from experienced tutors. Designed for domestic students, including refugees and migrants (with domestic status), who want to improve their English for everyday life, work, or further study.

All ages and skill levels are welcome.

English Language short courses

- Nelson, Marlborough
- Part-time: 5–20 hours per week to suit your life
- Zero fees*
- Start anytime: Flexible classes are available up to two days a week, five hours daily

Chinese Language Short courses

Discover the rich culture and embrace the connections and opportunities that come with learning Mandarin.

As China's official and most common dialect, learning Mandarin can be the key to opening your eyes to a history of elegant and beautiful hanfu, calligraphy, cuisine, and the charm of Chinese music, kung fu, and movies.

Chinese Language, Beginner to Advanced classes

- Nelson
- 8-week evening classes
- \$81* per course
- Multiple intakes, refer to nmit.ac.nz

“We share, learn and grow together through interactive, everyday scenarios whilst being respectful of our varying cultures and backgrounds.”

Tracey Hughes, English Language tutor

*Refer to page 3 for fees disclaimer.

Pakihi Business

Pakihi Business

- 14 credits at Level 3 in each of three approved* subjects, as well as
- Literacy** - 10 credits at Level 2 or above, made up of 5 credits in reading, 5 credits in writing, and
- Numeracy** - 10 credits at Level 1 or above (specified achievement standards, or unit standards 26623, 26626, 26627), or
- A qualification on the NZQF at Level 4 or above in a related discipline, or
- A qualification or examination recognised as being equivalent to the achievement of NCEA Level 3 (e.g International Baccalaureate, Cambridge Examination).

**NZQA approved subjects: see www.nzqa.govt.nz/qualifications-standards/awards/university-entrance

“Being able to apply everything I’d learned to an actual business environment helped build my confidence. It also gave me something concrete to talk about in job interviews so I could show that I was ready to hit the ground running.”

Ratanakphuong Naren,
Bachelor of Accountds graduate

Graduate Certificate in Management (Level 7)	
	Nelson
	Full-time, or part-time
	\$3,944*
	February, July

Add value to your organisation and advance your career into a management role with this innovative qualification. You will quickly develop the ability to evaluate and analyse business information and identify, implement and promote strategic decision-making.

Entry requirements

- A Bachelor’s degree, or
- Relevant skills and knowledge acquired through appropriate work or professional experience.

Graduate Diploma in Management, Accounting or Marketing (Level 7)	
	Nelson
	Graduate Diploma in Management: 1 year full-time, or part-time Graduate Diploma in Accounting or Marketing: Part-time
	\$8,192*
	February, July

The Graduate Diploma gives students who already have a degree, or extensive business experience, an opportunity to pursue study in accounting, marketing or management at an advanced undergraduate level. Graduates will have the specialist knowledge and professional skills necessary to make an immediate and valuable contribution in demanding and evolving business environments.

Entry requirements

- A Bachelor’s Degree in any discipline.

Postgraduate Certificate in Applied Management (Level 8)	
	Nelson
	Full-time, or part-time
	\$4,520*
	February, July

You will learn to examine emerging trends and employ effective business strategies with a user-centered approach. You will also learn to utilise technology-informed management strategies and develop skills to manage talent, and create organisational culture.

Entry requirements

- A Bachelor’s degree, or
- Relevant skills and knowledge acquired through appropriate work or professional experience.

*Refer to page 3 for fees disclaimer.

Postgraduate Diploma in Applied Management (Level 8)

- Nelson
- 34 weeks full-time
- \$9,040*
- February, July, October

Enhance your applied management skills and focus on the in-depth management aspects with majors and a range of elective courses to complement your professional experience and career aspirations.

Majors include business analytics, healthcare management, logistics and supply chain management, or multidisciplinary. All majors have a research element that gives the learner a supported self-study research journey exploring new insights in their chosen major.

Entry requirements

- A Bachelor's degree, or
- Relevant skills and knowledge acquired through appropriate work or professional experience.

Master of Professional Accounting (Level 9)

- Nelson
- 51 weeks full-time
- \$12,500*
- February, July

The Master of Professional Accounting is a programme designed for graduates from any discipline who aspire to build a rewarding accounting career. It equips students with practical tools and a strong professional foundation, enabling them to transition confidently into accounting roles across various industries and excel as leaders in today's financial landscape.

The Master of Professional Accounting has CAANZ and CPA accreditation and gives learners the academic requirements they need to apply for provisional membership.

Entry requirements

- Applicants must have a Bachelor's degree or a Graduate Certificate or Graduate Diploma in a similar subject, or
- Relevant skills and knowledge acquired through appropriate work or professional experience.

Master of Applied Management (Level 9)

- Nelson
- 51 weeks full-time
- \$13,560*
- February, July, October

Become a manager who knows, values, and utilises individuals' natural talents. Effective management responds to the needs of people, processes, and technology. Learn essential employable skills, including advanced communication and collaboration skills, intellectual analysis, and critical thinking.

Majors include business analytics, healthcare management, logistics and supply chain management, or multidisciplinary. This programme has a research component that gives the learner a supported self-study applied research journey exploring new insights in their chosen major.

Entry requirements

- A Bachelor's degree, or
- Relevant skills and knowledge acquired through appropriate work or professional experience.

“After so many years in the industry, I felt like I was starting from scratch again,” Altamash says. “But the programme at NMIT helped me get back into an academic mindset and gave me insight into how the industry works in New Zealand.”

Altamash Mulla,
Master of Applied Management graduate

Business qualifications pathway

Digital Photography Micro-credential (Level 5)

- 📍 Online
- 🕒 One semester
- 💰 \$630*
- 📅 February, July

This micro-credential is ideal for learners looking to build skills in digital photography for work, further study, or personal projects. You'll develop technical capabilities and creative approaches while gaining an understanding of professional practices, digital processes, and photographic contexts.

Entry requirements

- NCEA Level 2, or
- A qualification or examination recognised as being equivalent to achievement of NCEA Level 2.

*Refer to page 3 for fees disclaimer.

NZ Diploma in Arts and Design (Level 5)

- 📍 Nelson
- 🕒 40 weeks full-time
- 💰 \$7,272*
- 📅 February, July

Embark on a creative journey in bespoke designed spaces and develop your skills in image making, photography, graphic and object design, and art theory, preparing you for entry-level roles or further study in the arts.

Entry requirements

University Entrance: NCEA Level 3 (60 credits at Level 3 and 20 credits at Level 2 or higher) which must include:

- 14 credits at Level 3 in each of three approved* subjects including at least one subject in the list (refer to [nmit.ac.nz](https://www.nmit.ac.nz)), as well as
- Literacy** - 10 credits at Level 2 or above, made up of 5 credits in reading, 5 credits in writing, and
- Numeracy** - 10 credits at Level 1 or above (specified achievement standards, or unit standards 26623, 26626, 26627), or
- A qualification on the NZQF at Level 4 or above in a related discipline.

** NZQA approved subjects: see www.nzqa.govt.nz/qualifications-standards/awards/university-entrance

NZ Diploma in Arts and Design (Level 6)

 Nelson
 40 weeks full-time
 \$7,272*
 February, July

Build on the skills developed in the Level 5 Diploma across photography, image and drawing, object design, and digital art, while further strengthening your understanding of professional practice.

In Level 6, you will expand your knowledge through Critical Studies in Art and Design, developing the ability to analyse, contextualise, and discuss creative work. You will also progress into studio-based courses that allow you to choose your own area of focus, enabling you to refine your practice and apply your skills both within a given and a self-directed creative project.

Entry requirements

Courses on this programme require prior knowledge or experience in the subject or completion of the Level 5 pre-requisite course.

Bachelor of Arts and Media (Level 7)

 Nelson
 3 years full-time, or part-time
 \$7,272*
 February, July

The Bachelor in Arts and Media is a three-year degree designed for anyone intending to pursue a career or lifelong passion in a creative field. Work on a major project and create a body of work to be exhibited as part of your studies at the NMIT Creative Industries end of year exhibition.

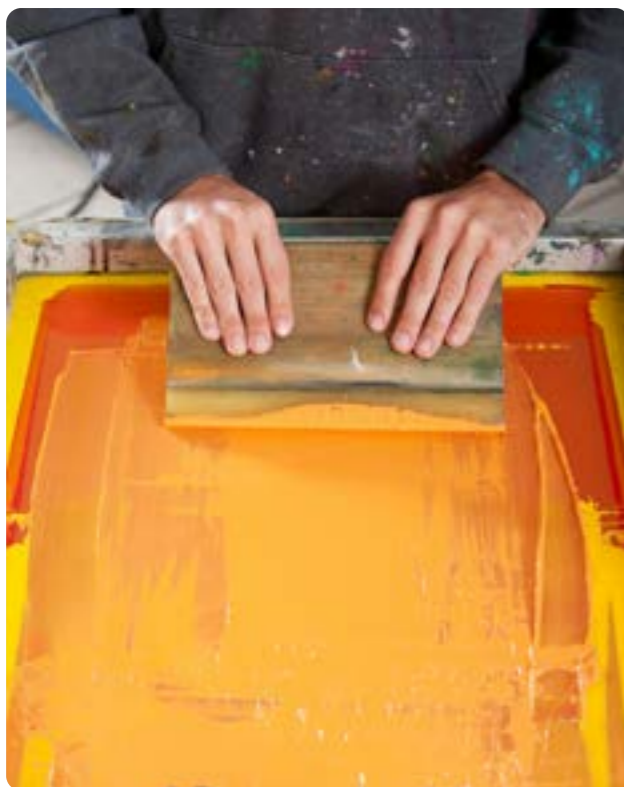

Entry requirements

University Entrance: NCEA Level 3 (60 credits at Level 3 and 20 credits at Level 2 or higher) which must include a subject in the list (refer to nmit.ac.nz), as well as:

- Literacy** - 10 credits at Level 2 or above, made up of 5 credits in reading, 5 credits in writing, and
- Numeracy** - 10 credits at Level 1 or above (specified achievement standards, or unit standards 26623, 26626, 26627), or

A qualification on the NZQF at Level 4 or above in a related discipline.

** NZQA approved subjects: see www.nzqa.govt.nz/qualifications-standards/awards/university-entrance

*Refer to page 3 for fees disclaimer.

Te Puoro Music

Do you want the skills to take your music out of the garage, into the studio and on to the stage?

As a music student at NMIT, you'll have the chance to play at gigs, create and record your own music, take control as a sound engineer and show off your songwriting skills at end-of-semester concerts. With skilled and experienced musicians as tutors and state-of-the-art recording and performance facilities, you'll gain a full picture of the music industry and the know-how to forge your own career through marketing and promotion.

NZ Certificate in Music (Level 4)

 Nelson
 40 weeks full-time
 \$7,898*
 February

Discover your future as a musician, sound engineer, songwriter, music producer, teacher or sound technician with this one-year programme.

- Applicants with a degree in another field may be eligible if they have substantial IT-related work experience, assessed through a portfolio or interview.

Te Pukaha Te Waihanga me Te Taituara **Engineering and Trades**

Kaipuukaha Waka **Automotive Engineering**

Automotive engineering is more than just fixing cars.

As technology in the industry grows and develops, so do the skills required of those employed in it. If you are interested in vehicles, engines and electrical systems, working with tools, machinery and equipment, problem-solving, diagnosing faults, and repairing and maintaining things, then automotive engineering could be for you.

Career opportunities

- Auto Electrician
- Automotive Technician
- Mechanic

Find out more about these exciting careers at tahatu.govt.nz

NZ Certificate in Automotive Engineering (Level 3)

📍	Nelson, Marlborough
🕒	40 weeks full-time
💰	\$8,418*
📅	February

Gain core automotive engineering skills to prepare you for an exciting career in the automotive industry. This is a popular full-time programme with limited places. Part-time study is only available to apprentices.

Entry requirements

- 10 credits in each of literacy (reading and writing) and numeracy at NCEA Level 1, or
- Be able to demonstrate suitable knowledge and skills.

NZ Certificate in Light Automotive Engineering (Level 4)

📍	Nelson, Marlborough
🕒	Apprenticeship programme, varying lengths
💰	Refer to nmit.ac.nz
📅	January, April, July, October

Designed for automotive apprentices, you will be supported by a partnership between NMIT and your employer, giving you the freedom to study part-time around your work with weekly evening classes.

Entry requirements

- A Level 3 qualification in Automotive Engineering
- A Managed Apprentice must be employed in a light automotive engineering workshop.

Recommended

- A current workplace first aid certificate prior to enrolment; and
- A Class 1 drivers license achieved before programme completion.

*Refer to page 3 for fees disclaimer.

NZ Certificate in Heavy Automotive Engineering (Road Transport), (Agriculture), (Plant and Equipment) (Level 4)

📍	Nelson, Marlborough
🕒	Apprenticeship programme, varying lengths
💰	Refer to nmit.ac.nz
📅	January, April, July, October

Are you already servicing and repairing heavy road transport vehicles or plant and equipment? Then it's time to take the next step with this managed apprenticeship programme to increase your skills and knowledge and gain an automotive qualification to back you up.

Entry requirements

- A Level 3 qualification in Automotive Engineering (e.g. New Zealand Certificate in Automotive Engineering), or evidence of equivalent skills and knowledge.

Other requirements

A Managed Apprentice must be employed in a heavy automotive engineering workshop.

NZ Certificate in Automotive Electrical Engineering (Level 4)

📍	Nelson, Marlborough
🕒	Part-time
💰	Refer to nmit.ac.nz
📅	January, April, July, October

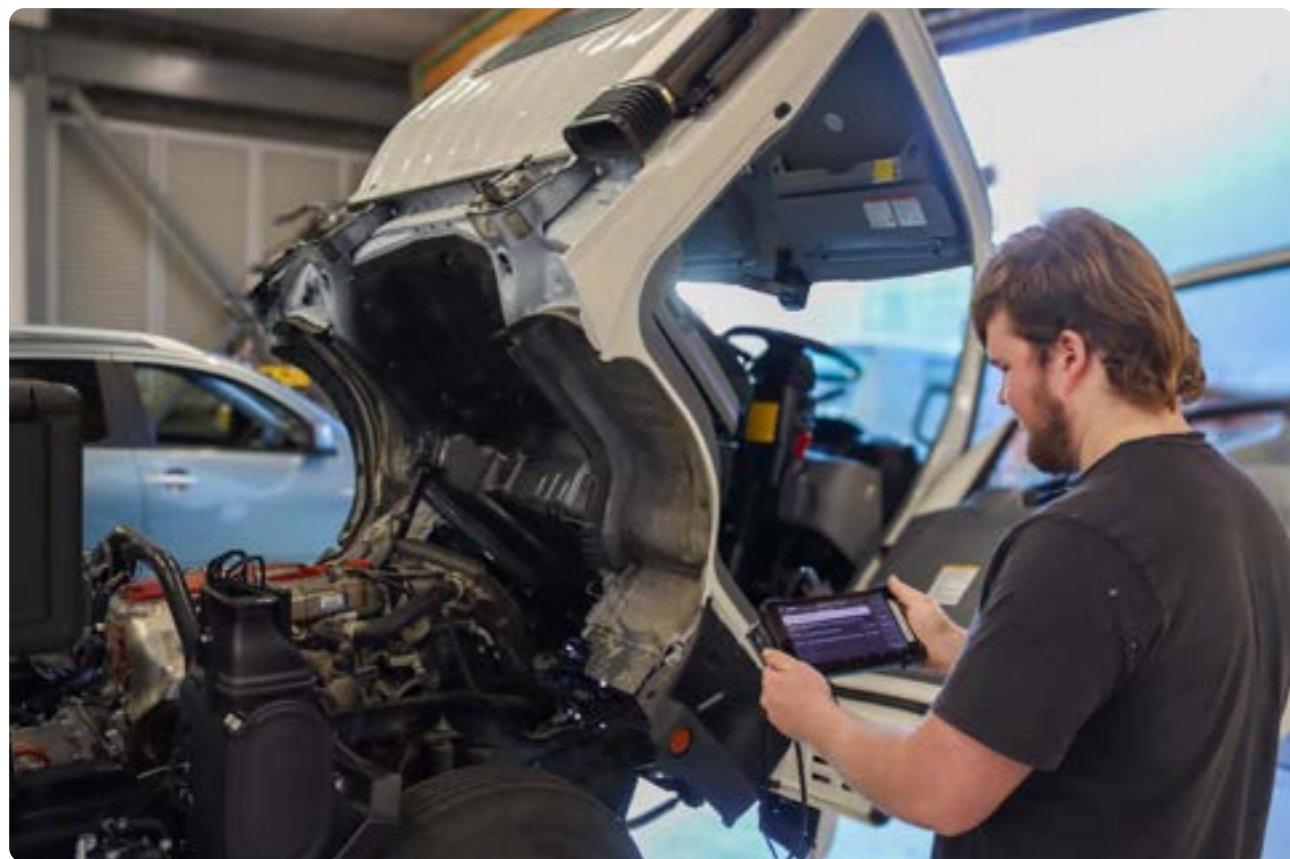

Designed for apprentices working in automotive electrical engineering, this qualification will teach you to diagnose and repair vehicle faults in electronically controlled systems, as well as health and safety. This involves a partnership between NMIT, you and your employer.

Entry requirements

- A Level 3 qualification in Automotive Engineering, or evidence of equivalent skills and knowledge.

Other requirements

A Managed Apprentice must be employed in an Automotive Electrical Engineering workshop.

Pūhanga Rererangi Aviation Engineering

If you're fascinated by mechanics, engines, and aviation, and you thrive on tackling technical challenges, then a career in aviation engineering could be right for you.

Our programmes are designed to equip you with the skills and experience needed to succeed in an industry that is actively seeking qualified professionals.

Through our strong connections with employers and comprehensive workplace training, you'll be prepared to secure employment with major airlines, aviation maintenance companies, or even contribute to the development of the world's next big aeronautical innovation.

Launch your aviation career from one of two unique learning environments, in either the Woodbourne Air Force Base Campus or at the Nelson Campus.

Join the main provider of general aviation engineering in New Zealand and access our expert tutors, state-of-the-art facilities, and strong industry partnerships to ensure you gain the practical knowledge and experience to soar in your chosen field.

NZ Certificate in Aeronautical Engineering (Level 3)

📍	Nelson, Woodbourne
🕒	36 weeks
💰	\$9,603*
📅	February, April, July

Take your first step towards an exciting career in aviation engineering with a programme designed for hands-on learners ready to take flight.

With no prior experience needed, it's a perfect starting point for anyone passionate about aeronautical engineering. Start your journey with us today and build the skills to fly high in this exciting industry.

Entry requirements

- NCEA Level 1 (80 credits at level 1), including 10 literacy credits and 10 numeracy credits.

Career opportunities

- Aviation Design Engineer
- Aviation Maintenance Engineer
- Aviation Management Roles
- Aviation Quality Engineer
- Avionics Engineer

Find out more about these exciting careers at tahatu.govt.nz

NZ Certificate in Aeronautical Engineering (Level 4)

📍	Nelson, Woodbourne
🕒	Full-time
💰	\$8,872*
📅	Refer to nmit.ac.nz

Take your aviation career to new heights with this hands-on programme, designed to give you the essential skills to work safely in aeronautical engineering. With a shortage of skilled workers in the industry, you could walk straight into a job. Whether you're starting an apprenticeship, working towards your AMEL license, or gaining maintenance experience, this qualification sets you up for success. Already in the industry? Our flexible block courses let you upskill without stepping away from your job.

Entry requirements

- New Zealand Certificate in Aeronautical Engineering (Pre-Employment Skills) (Level 3) OR Equivalent knowledge and experience in aeronautical engineering or associated industries.

“I found the instructors, extremely supportive and their knowledge, and expertise really prepared me for my career in aviation.”

Liam Doherty, New Zealand Certificate in Aeronautical Engineering

*Refer to page 3 for fees disclaimer.

NZ Diploma in Aeronautical Maintenance Certification (Level 6)

-  Online
-  Part-time
-  \$76-\$190* per course
-  February, July

If you're already an aviation engineer, and wanting to study for the NZ CAA Aircraft Maintenance Engineering License (AMEL), this flexible online programme is designed for you.

Entry requirements

All applicants must have:

- Completed recognised aircraft maintenance engineering training (at Level 4 or above, such as New Zealand Certificate in Aeronautical Engineering), or
- An equivalent recognised international qualification, or
- Have relevant experience in the aeronautical engineering industry or an allied trade.

Aviation AMEL Training Schemes (Level 6)

-  Online
-  Part-time
-  Refer to nmit.ac.nz
-  Multiple intakes

If you already work as an aviation engineer and prefer to study towards just some of the ASPEQ (CAA) exams rather than the full diploma. These training scheme options will allow you to apply and pay for each course subject as you go.

You will still have the option to cross-credit any individual training schemes you complete with the NZ Diploma in Aeronautical Maintenance Certification. To do so, you must complete a minimum of 75 and up to 90 NZQA credits within six years to cross-credit them towards gaining the diploma.

Training scheme options

- Aeroplanes 1
- Air Law
- Aircraft Engineering Knowledge
- Aircraft Materials
- Avionics 1
- Compass Compensation
- Electrical Fundamentals
- Human Factors
- Mathematics and Physics
- Rotorcraft
- Turbine Engines

Entry requirements

All applicants must have:

- Completed recognised aircraft maintenance engineering training (at Level 4 or above), or
- An equivalent recognised international qualification, or
- Have relevant experience in the aeronautical engineering industry or allied trade.

Pūhanga Metarahi Civil Engineering

Civil engineering plays a key part in the creation and protection of our structural environment, and with new developments being created nation-wide there is a demand for technically trained civil engineers.

If you are interested in the planning, design and construction of all forms of infrastructure and have a passion for building strong relationships with clients and contractors then civil engineering is for you.

Career opportunities

- Civil Engineer
- Environmental Engineer
- Geotechnical Engineer
- Quantity Surveyor

Find out more about these exciting careers at tahatu.govt.nz

NZ Diploma in Engineering – Civil Engineering (Level 6)

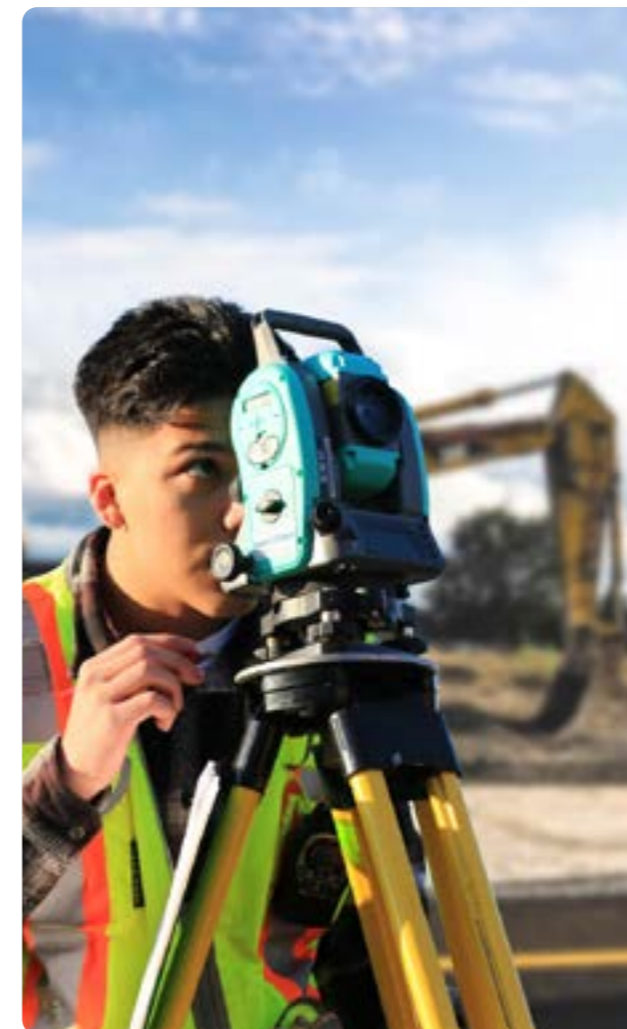

-  Nelson
-  2 years full-time or 4 years part-time
-  \$8,048* Refer to nmit.ac.nz
-  February

Industry connected tutors will provide you with real-world experiences and the principles and practices of engineering science, including design, drawing, mathematics and communication skills to set you up to manage the construction of various infrastructures.

Entry requirements

- NCEA Level 2** and
- A minimum total of 48 credits at level 2 in four subjects including at least 12 credits in mathematics (preferably achievement standards in algebra, calculus or trigonometry), or
- equivalent qualifications (e.g. International Baccalaureate or Cambridge), or
- equivalent credits from appropriate trades training and/or demonstrated skills and experience

** including a minimum of 10 literacy credits at level 1 or higher (for those who achieved NCEA Level 2 before 2013).

*Refer to page 3 for fees disclaimer.

Waihanga Construction

Your future is in your hands with a career in New Zealand's booming construction industry.

Train with industry-experienced tutors in a purpose-built, all-weather facility and gain real, hands-on skills with tools, plans, and materials. Develop confidence in residential construction and site safety while benefiting from strong local employer connections.

With tutor-managed apprenticeship options, you'll be supported every step of the way into a rewarding career in the construction industry.

NZ Certificate in Construction Trade Skills (Carpentry) (Level 3)

Richmond

40 weeks full-time

\$7,004*

February

Kick start your building career with practical, hands-on training in a real construction environment. Gain workforce-ready skills valued by employers and boost your chances of securing an apprenticeship through strong industry connections and expert tutor support.

This programme has no minimum academic requirements.

*Refer to page 3 for fees disclaimer.

Career opportunities

- Builder
- Carpenter
- Hammerhand

Find out more about these exciting careers at tahatu.govt.nz

NZ Certificate in Carpentry (Level 4)

Marlborough, Richmond

Apprenticeship programme, varying lengths

\$149-\$224*

Start year around - refer to nmit.ac.nz

Designed for employed apprentices or experienced carpenters, this managed apprenticeship will take you to the next level with block courses. You may choose to specialise in various construction areas, which will offer job opportunities in all sectors of the building and construction industry.

Entry requirements

Applicants under 20 years:

- At least 8 credits at NCEA Level 1 showing basic literacy; or equivalent
- At least 8 credits at NCEA Level 1 showing basic numeracy; or equivalent

Applicants 20 years and over:

- No minimum academic requirements

All applicants

- Likelihood of success on the programme demonstrated by an interview
- Must be an apprentice with a NMIT Training Agreement between themselves, NMIT and their employer. Please note that apprentices are enrolled on the programme in consultation with their employer, or
- An experienced carpenter with at least seven years experience in the building and construction industry as evidenced by a portfolio and two referees.

Pūhanga Pūrere Mechanical Engineering

With a shortage of qualified mechanical engineers nation-wide, you'll have excellent job prospects - now's the time to kick-start your career in mechanical engineering.

Take your passion for solving problems, welding, and working with metal, machines and people and turn it into a rewarding career. These programmes will ensure you acquire the required knowledge and skills necessary to become trade qualified.

Career opportunities

- Fabricator
- Machinist
- Mechanical Engineer

Find out more about these exciting careers at tahatu.govt.nz

NZ Certificate in Mechanical Engineering (Level 3)

Nelson, Marlborough

40 weeks full-time

\$9,707*

February

Jump-start your career as an apprentice fitter and turner, welder/fabricator, toolmaker, machinist or refrigeration engineer. The subjects studied in this one-year programme are equivalent to the first year of your apprenticeship.

Entry requirements

- NCEA Level 1 with 10 credits in Numeracy (algebra, trigonometry, measurement recommended) and 10 credits in Literacy, or
- Be able to demonstrate equivalent knowledge and skills.

NZ Certificate in Engineering Fabrication (Trade) (Level 4)

Nelson, Marlborough

Full-time or part-time

\$306* per course

Start year around - refer to nmit.ac.nz

Entry requirements

- 40 credits NCEA Level 1, including 10 literacy credits and 10 numeracy credits, or
- You may have completed the National Certificate in Mechanical Engineering (Level 2) [Ref: 1220] or the Level 3 New Zealand Certificate in Mechanical Engineering (NZQA Ref: 2715)

NZ Certificate in Mechanical Engineering (Level 4)

Nelson, Marlborough

Full-time or part-time

\$306*

Start year around - refer to nmit.ac.nz

As you move through your apprenticeship, you will want to focus on studying the pathway best for you. These might include becoming a general engineer, metal worker/fabricator, welder, maintenance engineer, toolmaker, machinist, mechanical fitter or an engineering trades assistant.

Entry requirements

- 40 credits NCEA Level 1, including 10 literacy credits and 10 numeracy credits, or
- You may have completed the National Certificate in Mechanical Engineering (Level 2) [Ref: 1220] or the Level 3 New Zealand Certificate in Mechanical Engineering (NZQA Ref: 2715)

Additional requirements

To successfully complete this programme of study, candidates must be employed in the mechanical engineering industry at time of study.

You must enter into a 3-way training agreement between yourself, your employer and NMIT.

Welding Skills, Level 2

Location: Nelson | Starts: Feb, May, August

Build confidence in core welding skills with this hands-on introductory short course. Learn the fundamentals of electric arc, MIG, and TIG welding using both aluminium and steel, and get practical experience applying a range of essential welding techniques.

Ideal for enhancing your skills or starting anew, it fosters confidence in developing effective study habits and acquiring essential foundational knowledge. You will build the skills needed to pursue a Bachelor of Nursing or other health-related degrees and diplomas.

Entry requirements

A minimum of 40 credits NCEA Level 2 across four subjects including;

- Literacy – 10 credits at Level 2 or above
- Numeracy – 10 credits at Level 1 or above, or
- New Zealand Certificate in Study and Career Preparation (Level 3)

If you have undertaken a qualification or examination other than NCEA (e.g. International Baccalaureate, Cambridge Examination), NMIT will assess this for academic entry equivalency.

Career opportunities

- Medical, Surgical and Critical Care Nursing
- Mental Health Nursing
- Primary and Community Health Nursing
- Māori Health Nursing

Find out more about these exciting careers at tahatu.govt.nz

This pathway will prepare you for applying for the Bachelor of Nursing or other degrees or diplomas related to Health.

*Refer to page 3 for fees disclaimer.

Bachelor of Nursing (Level 7)

📍 Nelson, Marlborough

🕒 3 years full-time

💰 \$8,432* Refer to nmit.ac.nz

📅 February

Prepare for a meaningful career caring for individuals, whānau and communities. Gain strong clinical experience, evidence-based learning, and the skills and confidence to become a compassionate, competent registered nurse with opportunities across Aotearoa and beyond.

Entry requirements

University Entrance (UE): NCEA Level 3 including: Three subjects at Level 3 or above, made up of a minimum of:

- 14 credits in science e.g. biology, chemistry, general science, or approved science subjects.
- 14 credits in English OR an English rich subject
- 14 credits in one other approved subject

Remaining credits may come from either achievement or unit standards, and

- Literacy – 10 credits at Level 2 or above, made up of:
 - 5 credits in reading, 5 credits in writing, and
- Numeracy – 10 credits at Level 1 or above, made up of:

Achievement standards – specified achievement standards available through a range of subjects.

Applicants over 20 years of age must have completed the equivalent of NCEA Level 3 science (or NZQA-approved qualification) within the last five years. This may be achieved by successfully completing a bridging programme, such as the New Zealand Certificate in Study and Employment Pathways, Level 4; however, completion of these pre-entry qualifications does not guarantee automatic entry into this programme.

Additional entry requirements

To be considered for entry in the Bachelor of Nursing programme evidence of health, abilities and conduct that align with fitness for registration as a nurse including:

Physical and mental health status including any health condition(s), and that the applicant has the level of health and abilities that will enable them to achieve clinical learning experience competencies in the programme; any learning disabilities or challenges that might affect participation in the programme; all existing or pending criminal convictions; consent to undergo a process of safety checking as required under the Children's (Requirements for Safety Checks of Children's Workers) Regulations 2015. Providing evidence of immunisation status as required by Health NZ Te Whatu Ora and healthcare organisations before commencing a clinical learning experience. Clinical learning experiences cannot be guaranteed without this evidence, as per agreements with clinical learning experience providers.

“Here the practical training and assignments are really close to the real-life clinical situations.”

Yunyi Ni (Tina), Bachelor of Nursing

Te Kura Tauwhiro Tangata Social Sciences

Training for those who wish to work as counsellors, social workers or career advisers.

Our Social Science programmes offer education for those wishing to work in counselling, social work and career guidance. The enthusiasm and learning interest of our students, combined with quality tuition and practical clinical and placement experiences result in work ready graduates and make this a great place to study.

NZ Certificate in Study and Employment Pathways (Level 3)

📍 Nelson, Marlborough

🕒 19 weeks full-time

💰 Zero Fees*

📅 February, July

This programme helps you build the essential skills and confidence for further studies or entering the workforce. It boosts academic writing, research, communication, and calculation skills, while also focusing on nutrition. Māori Studies Mātauranga Māori

Māori Studies Mātauranga Māori

Learning te reo Māori can take you on a journey of discovering yourself and the world around you.

Te reo Māori offers valued skills and knowledge that help build meaningful connections to the whenua, people and local pūrākau.

Whether you are a beginner or are already on your te reo and tikanga Māori journey, we can help you connect, grow your reo and build confidence in te ao Māori.

Te Pōkaitahi Reo NZ Certificate in Te Reo Māori (Levels 1–6)

Nelson

Kura rā (Full-time day classes)

Zero fees*

February, July

Te Pōkaitahi Reo NZ Certificate in Te Reo Māori (Levels 1–4)

Nelson (Levels 1-4),
Marlborough, Motueka (Levels 1-3 only)

Kura pō (Part-time evening classes)

Zero fees*

February

Learn te reo Māori in a warm and welcoming whānau environment. Level 1 is suitable for learners with little or no knowledge of te reo Māori, while levels 2 - 4 take ākonga to the next level of te reo Māori. Level 2 builds on the foundational knowledge acquired at level 1 and extends on basic sentence structures. Level 3 is a programme for students with an intermediate understanding of te reo Māori, while Level 4 focuses on developing fluency and advanced knowledge to prepare ākonga for full immersion study.

Level 5 and Level 6 are full-immersion programmes. Please refer overleaf to the kura pō (part-time) programme information.

Entry requirements

Level 1:

- No entry requirements.

Levels 2-6:

Refer to nmit.ac.nz for individual programme entry requirements.

Entry requirements

Level 1:

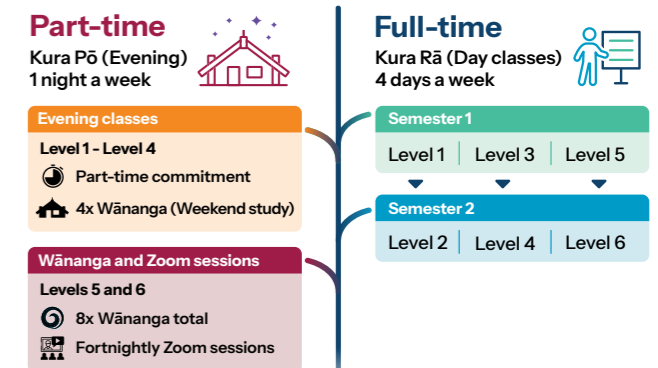

- No entry requirements.

Levels 2-4:

Refer to nmit.ac.nz for individual programme entry requirements.

Ahu Matua Primary Industries

Whakatupu Pī Apiculture

Get a buzz out of learning in a sweet industry with diverse products in demand worldwide.

If you love being outside and want to work in a sustainable and eco-friendly field, our programmes that can take you from being a backyard beekeeper to a sought-after apiculturist.

We'll teach you how to set up a beehive, arm you with bee-farming knowledge and support you in learning how to rear queen bees for a commercial operation.

Career opportunities

- Beekeeping
- Food Production
- Marketing
- Logistics
- Management

Find out more about these exciting careers at tahatu.govt.nz

NZ Certificate in Apiculture (Level 3)

📍	Richmond, Marlborough
🕒	Full-time or part-time
💰	\$4,052*
📅	August

In one of our fastest-growing primary industries, graduates will be able to work as an assistant beekeeper for commercial operators, an independent beekeeper with a small number of beehives, or even develop their own business.

Entry requirements

Ākonga (learners) must be physically capable of meeting the demands of the programme. Any medical conditions that may affect the ability of ākonga to participate must be disclosed at the time of application, and the delegated authority must be able to provide assurance concerning health and safety.

NZ Certificate in Primary Industry Skills – Apiculture (Level 2)

📍	Richmond, Marlborough
🕒	Full-time or part-time
💰	Zero fees*
📅	October

Interested in the beekeeping industry? In six months, you can learn the basic bee-farming knowledge and skills needed to start working in the apiculture industry or let you decide if you want to commit to further study.

Entry requirements

This programme has no academic or English language requirements.

NZ Certificate in Apiculture – Queen Bee Rearing (Level 4)

📍	Richmond, Marlborough
🕒	Part-time
💰	\$3,436*
📅	September

You will learn to rear queen bees for a commercial operation or to operate a queen-rearing operation of your own. Graduates will be able to work independently, could supervise others and will be well-received by industry.

Entry requirements

New Zealand Certificate in Apiculture (Level 3) or equivalent industry skills and knowledge.

You will be expected to complete an industry-approved American Foulbrood recognition and destruction course before you graduate from this programme.

*Refer to page 3 for fees disclaimer.

Te Whakatupu Kaimoana me te Atawhai Moana

Aquaculture and Marine Conservation

Nelson is at the heart of aquaculture research, innovation and production in Aotearoa.

Consider a career in aquaculture, a leading science, innovation, and food production sector. With guidance from renowned tutors and strong connections to research and seafood industries, graduates have a clear path into their careers.

Studying aquaculture involves the commercial breeding, raising, and harvesting fish and shellfish in marine or freshwater environments. It also offers boating and maritime qualifications, promising career opportunities for graduates nationally and globally.

Career opportunities

- Aquaculture Production Management
- Aquarium Curatorial Staff
- Fisheries Inspector or Observer
- Research and Development

Find out more about these exciting careers at tahatu.govt.nz

Sustainable Aquaculture (Level 3)

- Online
- One year online with a September workshop
- \$3,270*
- Online part-time: Flexible intakes

A career in the aquaculture industry starts here with NMIT's introductory qualification that prepares you for work or further study.

Online study offers a way to study nationwide or while working while still allowing you to connect with the Nelson-based block course in October.

Entry requirements

- No minimum academic requirements.

Sustainable Aquaculture (Level 4)

- Online
- Part-time: One year online with a September workshop
- Refer to nmit.ac.nz
- Online part-time: Flexible intakes

Learn to grow fish and shellfish ethically and with environmental care. Understand bio-security, gain maritime qualifications, hatchery knowledge, and hands-on experience. Study online nationwide or while working.

Entry requirements

- Sustainable Aquaculture (Level 3).

Te Taihu is the largest producer of green-lipped mussels and salmon, and has the largest fishing port in Australasia, making Nelson the ideal place to study Aquaculture.

- 71% of NZ's green lipped mussels
- 52% of NZ's salmon production

*Refer to page 3 for fees disclaimer.

Bachelor of Aquaculture and Marine Conservation (Level 7)

- Nelson
- 3 years full-time, or 4-6 years part-time
- Refer to nmit.ac.nz
- February

Designed with industry to provide graduates with practical aquatic ecology and marine conservation skills and knowledge. You can also specialise in aquaculture, marine conservation, aquaculture industry management or a combination that best suits your career aspirations and interests.

Entry requirements

Achievement of NCEA Level 3 (60 credits at Level 3 or higher and 20 credits at Level 2 or higher) which must include:

- 14 credits at Level 3 in each of three approved** subjects
- Literacy** - 10 credits at Level 2 or above made up of:
 - 5 credits in reading
 - 5 credits in writing
- Numeracy** - 10 credits at Level 1** or above (specified achievement standards or unit standards 26623, 26626 and 26627)

**NZQA approved subjects: see <http://www.nzqa.govt.nz/qualifications-standards/awards/university-entrance>, or

- Any qualification (New Zealand or overseas) recognised by NZQA as being equivalent to the achievement of NCEA Level 3. If you have undertaken examinations other than NCEA (e.g. International Baccalaureate, Cambridge Examination), NMIT will assess your qualification for academic entry equivalency, or
- Any Level 4 qualification in a related field.

Additional distance study requirements

Refer to nmit.ac.nz.

Postgraduate Diploma in Sustainable Aquaculture (Level 8)

- Nelson
- 1 year full-time, or 2-3 years part-time
- \$8,616*
- February, July

Learn how to apply marine biology theories in the aquaculture sector and contribute to the development of sustainable growth through innovation. You will receive one-on-one mentorship from a globally renowned expert tutor in their field.

In addition, you will have the chance to network with industry professionals and research institutes, which can lead to employment opportunities. You can also pursue a Master's degree in Applied Science, Aquaculture.

Entry requirements

Applicants must have:

- A Bachelor's Degree or a Graduate Certificate or Diploma in a similar subject or relevant skills and knowledge acquired through appropriate work or professional experience.

Interview

All applicants will be interviewed to assess their suitability for the programme.

Additional distance study requirements

For distance study, applicants must have the following to be able to utilise the online learning environment and complete practical/vocational aspects of the Programme:

- Employment in a suitable aquaculture industry workplace, or
- Recent relevant experience and access to a suitable aquaculture industry workplace to undertake an assignment and practical work required for specific courses
- Ability to attend compulsory residential workshops
- Ability to attend NMIT or an alternative venue at another tertiary institute to complete examinations.

Special entry

Applicants who are unable to evidence that they meet Academic entry requirements, but who can demonstrate acquired skills for tertiary study gained through study, work and/or life experience in a similar area, may be approved for alternative entry by the Curriculum Manager (or delegate).

Te Atawhai Whenua Conservation

Kaitiakitanga: Provision of active utilisation, preservation, conservation, maintenance, and management of the environs.

Studying conservation is a great option if you care about the environment and enjoy the outdoors.

Conservation is about protecting New Zealand's natural ecosystems and supporting native wildlife. In our world of climate change and species loss, a conservation career allows you to positively impact the planet.

Career opportunities

- Conservation Ranger
- Eco-tourism
- Hunter/Trapper
- Parks and Recreation Ranger
- Sanctuary Worker

Find out more about these exciting careers at tahatu.govt.nz

Kaitiaki Whenua - Trainee Ranger (Level 4)

📍	Richmond
🕒	47 weeks full-time, or part-time over 3 years
💰	\$7,321*

nmit.ac.nz/events

NZ Certificate in Horticulture Production – Nursery Production (Level 4)

Richmond, Marlborough

44 weeks full-time or up to 3 years part-time

\$1,195*

Refer to nmit.ac.nz

Learn how to propagate plants and identify sustainable growing practices while gaining an understanding of how to optimise plant growth and health using industry tools and techniques. Flexible intakes available for part-time learners.

Entry requirements

- NCEA level 2, or
- A qualification at Level 2 or above or;
- Evidence of relevant knowledge and experience in a primary industry environment, including literacy and numeracy abilities equivalent to NCEA (Level 1). (In this case, the applicant may be required to participate in an enrolment interview to verify the evidence.) or;
- You can also progress from the New Zealand Certificate in Horticulture Level 3 (General) to this programme.

Other requirements

- 16 years of age at the time the programme commences
- Be physically able to complete the programme-specific outcomes.

FREE Marlborough to Richmond transport

Every Friday morning, our Marlborough learners will catch the free bus from the Marlborough Campus to the Richmond Campus for a day of practical learning before returning to Blenheim in the afternoon.

This ensures that our Marlborough learners can put their learning into practice through practical projects, interact with visiting industry experts, and work together as a team.

*Refer to page 3 for fees disclaimer.

Te Whakatupu Kerepe me to Waihanga Wāina

Viticulture & Winemaking

Get a taste of what it's like to be at the centre of wine education at NMIT and connect with researchers and industry.

At NMIT, our learners have the chance to grow their own grapes at the on-campus research vineyard, make their own wine in the research winery using a microvinification unit, practice wine analysis, and develop wine sensory analysis skills in the high-spec sensory laboratory. These programmes pause during the harvest season to allow learners to work in industry without distraction.

NZ Certificate in Cellar Operations (Level 3)

-  Marlborough
-  19 weeks including classroom study, practical work and winery internship.
-  \$574*
-  Refer to nmit.ac.nz

Gain a solid foundation in cellar operations, winemaking processes, and industry safety standards through this intensive, hands-on programme.

Entry requirements

- For applicants under 20 years of age: NCEA Level 1 is required.
- For applicants 20 years of age and over: there are no minimum academic requirements.

Other requirements

- You must complete a questionnaire about your background and reasons for wanting to undertake the programme. The questionnaire provides information to ensure you are aware you may be subject to drug and alcohol testing while on their work placement component.
- This programme has aspects that require a certain level of physical strength and fitness. You must be physically capable of completing all aspects of the programme.

Please note that Wineries have drug and alcohol restriction requirements.

Career opportunities

- Cellar-hand or Supervisor
- Viticulture Researcher
- Winemaker

Find out more about these exciting careers at tahatu.govt.nz

“Part-time study allows me to pursue what I’m interested in and the whole programme is really industry focused.”

Zac, Bachelor of Viticulture & Winemaking

NZ Certificate in Horticulture Production (Winegrowing) (Level 4)

 Refer to nmit.ac.nz

 Part-time

 \$125 - \$249* per course

 Refer to nmit.ac.nz

This qualification is ideal if you are working in a vineyard, or are capable of transferring your prior skills and knowledge to the winegrowing industry and want to progress to being able to supervise operations in viticultural production.

It doesn't matter which wine region you work in, you can learn flexibly with self-directed online study and on-the-job components. If you work at a vineyard or have a busy schedule, you can take advantage of the part-time study option. This option is designed to fit around your existing work commitments.

Entry requirements

- NCEA level 2 or;
- A qualification at Level 2 or above or;
- Evidence of relevant knowledge and experience in a winegrowing environment, including literacy and numeracy abilities equivalent to NCEA (Level 1). In this case, the applicant may be required to participate in an enrolment interview with the purpose of verifying the evidence.

NZ Diploma in Horticulture Production (Winegrowing) (Level 5)

 Marlborough, Online

 2 years part-time, 1 day per fortnight in class plus online tutorials

 \$933-\$1,987* per course

 Refer to nmit.ac.nz

Build and acknowledge your skills as a winegrower with this programme designed to empower you as a leader with a keen eye for sustainable wine-growing operations.

Study while you work anywhere nationwide. Connect with your fellow learners and integrate practical, work-based components into your day-to-day work with expert tutor support. You can also connect with industry partners on-campus during block courses throughout your study.

Entry requirements

New Zealand Certificate in Horticulture Production at Level 4 or equivalent academic achievement.

Other requirements

Applicants will need to be in current employment in this industry in New Zealand. If you are already a full-time student in the Bachelor of Viticulture and Winemaking programme, you may be able to study a course/s as an elective.

The Marlborough Campus hosts the New Zealand Wine Centre – Te Whare ā Waina Aotearoa and the Marlborough Wine Research Centre.

Providing a hub of scientific expertise in viticulture and winemaking. NMIT students benefit from learning directly from these experts through lectures and hands-on research projects. Why choose anywhere else for your studies?

- Plant & Food Research
- Bragato Research Institute
- Marlborough Research Centre
- Wine Marlborough
- New Zealand Wine
- Primary ITO

 **83.7%**
of NZ's wine production is in Te Taihū

1 in 4 jobs
The wine industry accounts for one in four jobs in the region.

*Refer to page 3 for fees disclaimer.
