

Accounting, management, marketing and logistics courses relevant in the real world

NMIT's Applied Business programmes offer well-recognised, practical and relevant business qualifications at all levels in Business, Marketing, Management and Accounting.

Our programmes and courses are designed to give you the practical skills that employers are looking for, so whether you want to get your foot on the first rung of the career ladder or improve your current prospects, we'll be able to help you do it.

Our teaching staff has extensive industry experience, combined with excellent academic backgrounds and strong links with the professions, while our qualifications have a strong practical and applied focus. They are passionate about teaching and enjoy working with students of all ages and from different cultures. Many staff members are actively engaged in research providing valuable outputs and, importantly, keeping them up-to-date and growing their experience in their speciality field.

Our facilities include technology suites, modern classrooms and lecture halls. We offer students a comfortable and non-threatening learning environment.

We have the ability to video-conference classes between our campuses. Classes may be video-conferenced where there is a small number of learners in a class, or when a specialist subject tutor is required.

We are proud of the achievements of our students and our graduates. We know that our programmes will challenge you, but that you will feel supported by us and excited about your future once you decide to study with us.
