

## Student exchange

Complete part of your degree study overseas at one of our partner universities.

Choose to study a Bachelor programme at NMIT and you can now study overseas on our newly established Student Exchange programme in your second or third year.

Whilst you are completing part of your degree at an NMIT partner university you will only need to pay your normal NMIT tuition fees and you will still receive your StudyLink loans and allowances.

So, why wait until after you've graduated to travel... broaden your horizons while studying!
